

## Become an EQI Homestay Host

With the opening of international borders, we are experiencing a rapid increase of requests for long- and short-term international student enrolments, Study Tours and Professional visits.

If you have a spare room in your home and would like to experience other cultures, sharing your culture and traditions, trying different foods, or even learning another language, we would love you to join in the Holland Park SHS community and become either a long-term or short-term Homestay host to our international students. The benefits of hosting an international student in your home could potentially be a life-changing endeavour.

We offer a reimbursement for costs incurred whilst hosting a student, that more than covers living expenses and outings. Please contact Elaine Young, [eyoun85@eq.edu.au](mailto:eyoun85@eq.edu.au), 0409 473 090 for further information.

### For a generous reimbursement, you will need to provide:

- A separate bedroom with bed, desk and a lamp
- Three meals a day plus morning and afternoon tea
- Internet access to meet study requirements
- A friendly, supportive family environment
- English must be your primary language spoken at home

### Comments from our host families about the program:

*“Our family explored parts of our State and country we didn’t know existed”*

*“We have made life-long friendships with our student and their overseas family”*

*“We loved learning about other customs and traditions”*

*“It encouraged our family to do more activities together”*

*“Our children found it a great learning experience”*
