

EXPANDING STUDENT HORIZONS

HPX PROGRAMS

Welcome to Holland Park State High School, where the pursuit of excellence is at the heart of our educational philosophy.

Through our HPX Academy, we provide a transformative experience that extends students' education beyond the ordinary.

Our commitment to the values of Learning, Respect, Kindness, and Perseverance is ingrained in every aspect of our academy, empowering students to unlock their full potential and strive for excellence in all areas of their lives.

The HPX Academy offers a range of specialised programs in Academic, Volleyball, Music and STEAM, designed to cater to the diverse interests and aspirations of our excelling students.

Through engaging lessons, innovative teaching methods, and individualised support, we ensure that every student receives a personalised education that prepares them for success in the 21st century.

By combining academic rigour with holistic development, we empower our students to become confident, compassionate, and resilient individuals who are prepared to make a positive impact in the world.

Join us at Holland Park State High School's HPX Academy and embark on a journey of self-discovery, growth, and academic achievement. Together, let us strive for excellence and inspire the leaders of tomorrow.

HPX STEAM PROGRAM APPLICATIONS

Holland Park State High's HPX STEAM Excellence Program offers a captivating, comprehensive educational journey, cultivating creativity, technological acuity, and a love for Science, Technology, Engineering, Arts, and Maths.

IGNITING INNOVATIVE MINDS WITH STEAM

STEAM authenticates real-world problems that connect to the lives of our children.

PROBLEM BASED LEARNING (PBL)

Encourages and supports student opportunities to develop critical and creative thinking skills through problem-based learning (PBL).

ADOPTING A CURIOUS MIND

Engages cross-curriculum links, connecting with technological challenges facing the world while encouraging learners to:

- Ask questions
- Solve problems
- Make the world a better place with a transdisciplinary approach

CREATING A SUSTAINABLE WORLD

Units of work involve programming & coding computers, to building sustainable worlds using Lego and developing technologies to solve world food crisis.

STEAM is about cultivating genuine diversity to solve real life societal challenges.

HPX MUSIC PROGRAM APPLICATIONS

HPX Music caters for learners who have demonstrated an aptitude and desire to strive for musical excellence. The program has been specifically designed to extend students who have developed sound music reading and performance skills throughout the primary years of education.

TAILORED MUSICAL JOURNEY

Classroom music studies, instrumental lessons, ensemble performances, as well as bespoke Music Masterclasses.

VIBRANT PERFORMANCE OPPORTUNITIES

Students excel in State Honours Ensemble, Creative Generations programs, and diverse year-round musical events.

INSTRUMENTAL MUSIC

Diverse ensemble groups: Concert Band, Percussion Ensemble, String Ensemble, Jazz Band, Choir.

COMMUNITY ENGAGEMENT

Performances at RSL Remembrance Day Services, Anzac Day Parade, local fetes, and contributions to local events.

MUSIC EDUCATION REDEFINED

Discover Holland Park State High School's HPX Music Program, merging discipline, collaboration, creativity, and fostering vital 21st-century skills through immersive musical education.
